Northern Ireland Consignments

Updated 27 April 2026

Consignments going to Northern Ireland have some specific data requirements. This is required for all shippers that move goods from or out of Northern Ireland. This needs to be filled in at an order level and will be automatically filled in for imported orders.
These fields are:

- `Description`
- `Company Name`
- `GBEORI` (a **Economic Operators Registration and Identification Number for UK**)
- `TSS Registration` (Trader Support Service registration number)
- `TSS Job Reference` (Trader Support Service job reference)

Similar to the Amazon custom fields, these fields need will be visible be added as custom fields on order level, all as text fields:

- `northern_ireland_t_ss_registration_job_reference`
- `northern_ireland_description`
- `northern_ireland_t_ss_registration`
- `northern_ireland_company_name`
- `northern_ireland_GBEORI`
