Intermodale verbindingen toevoegen

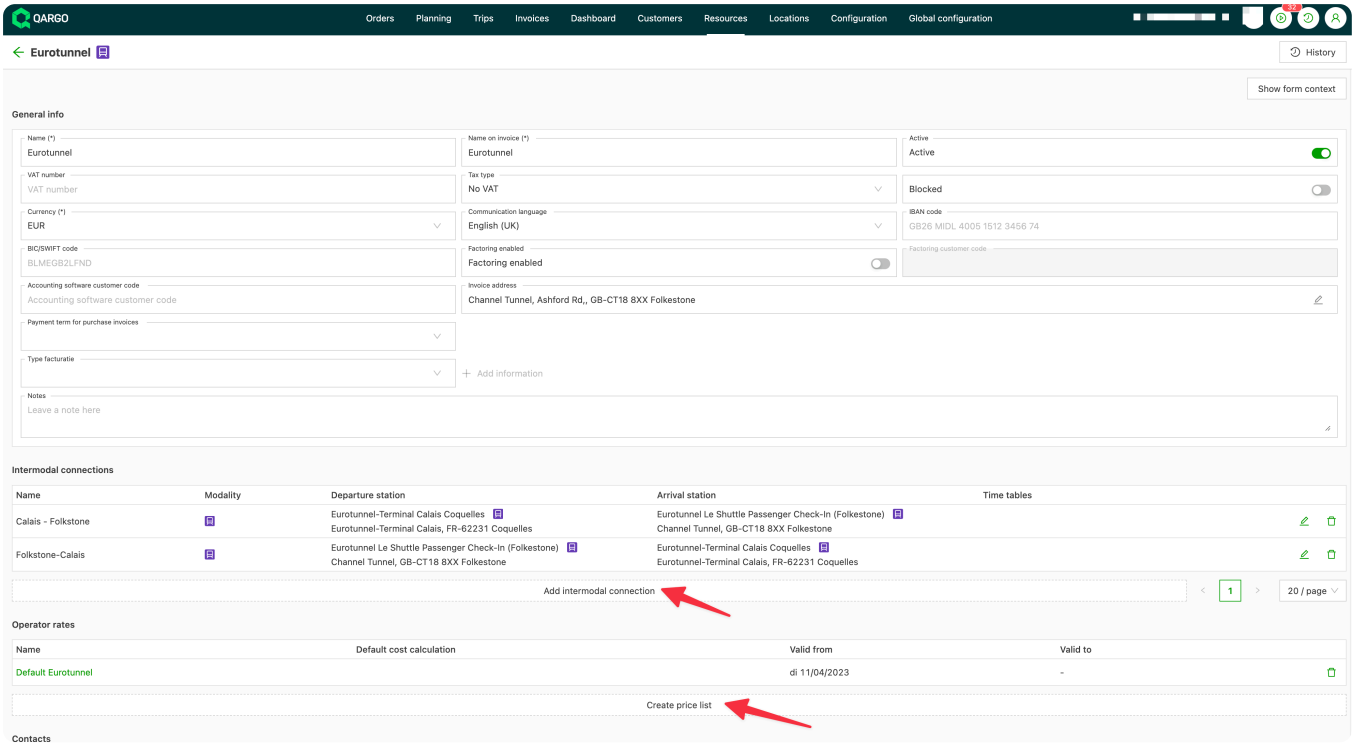

Bijgewerkt 24 oktober 2024

Zodra de intermodale operators zijn toegevoegd, kunnen intermodale verbindingen, dienstregelingen en tarieven aan deze operators worden toegevoegd.

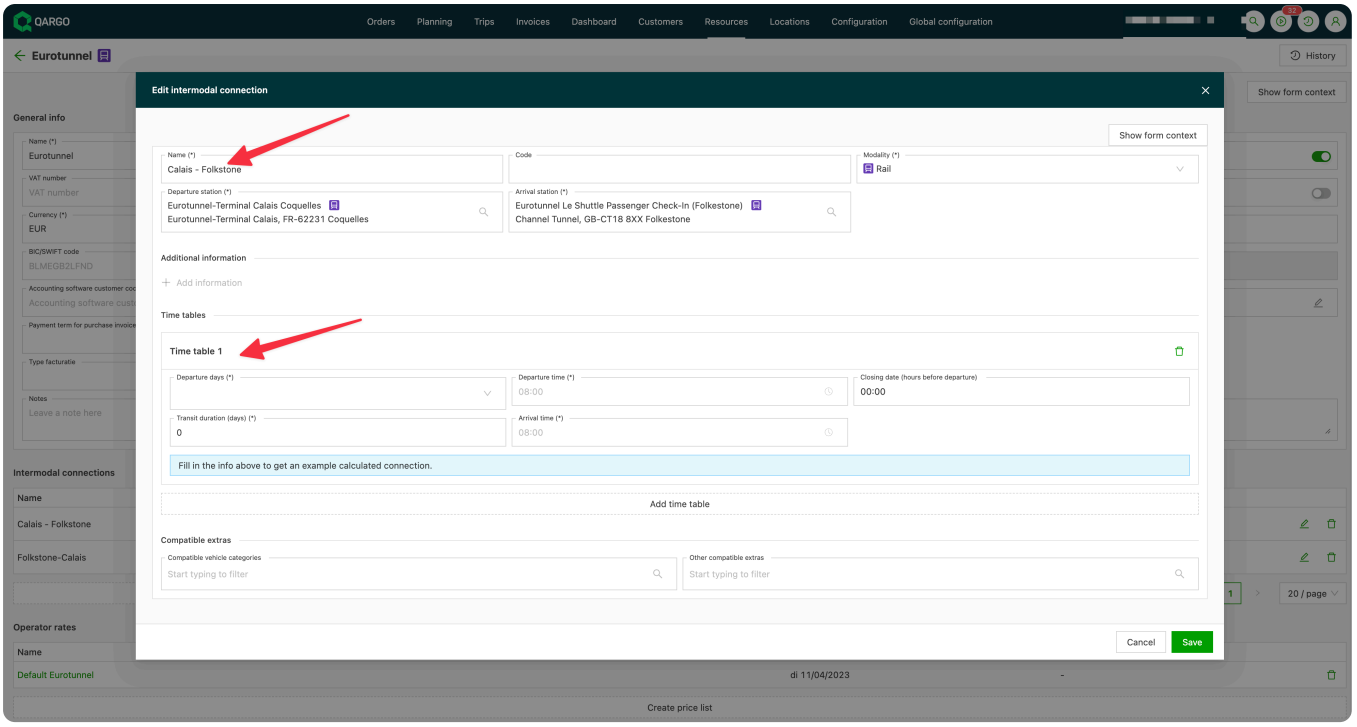

1. Naar **Resources** navigeren.
2. Klikken op **Intermodale operators**.
3. Klikken op de gewenste intermodale operator.

Klikken op **Intermodale verbinding toevoegen**.

Er verschijnt een venster waarin de intermodale verbinding kan worden bewerkt en de dienstregeling of dienstregelingen kunnen worden toegevoegd.
