PN - Pallet network: surcharges

This article gives an overview of the Palletline surcharge setup applied to deliveries.

Updated December 4, 2024

Concept

Palletline has a number of “surcharges” that can be applied to deliveries (only to deliveries, not to pickups).
They are called surcharges because there is an associated cost.

Implementation in Qargo

The surcharges are implemented as add-ons:

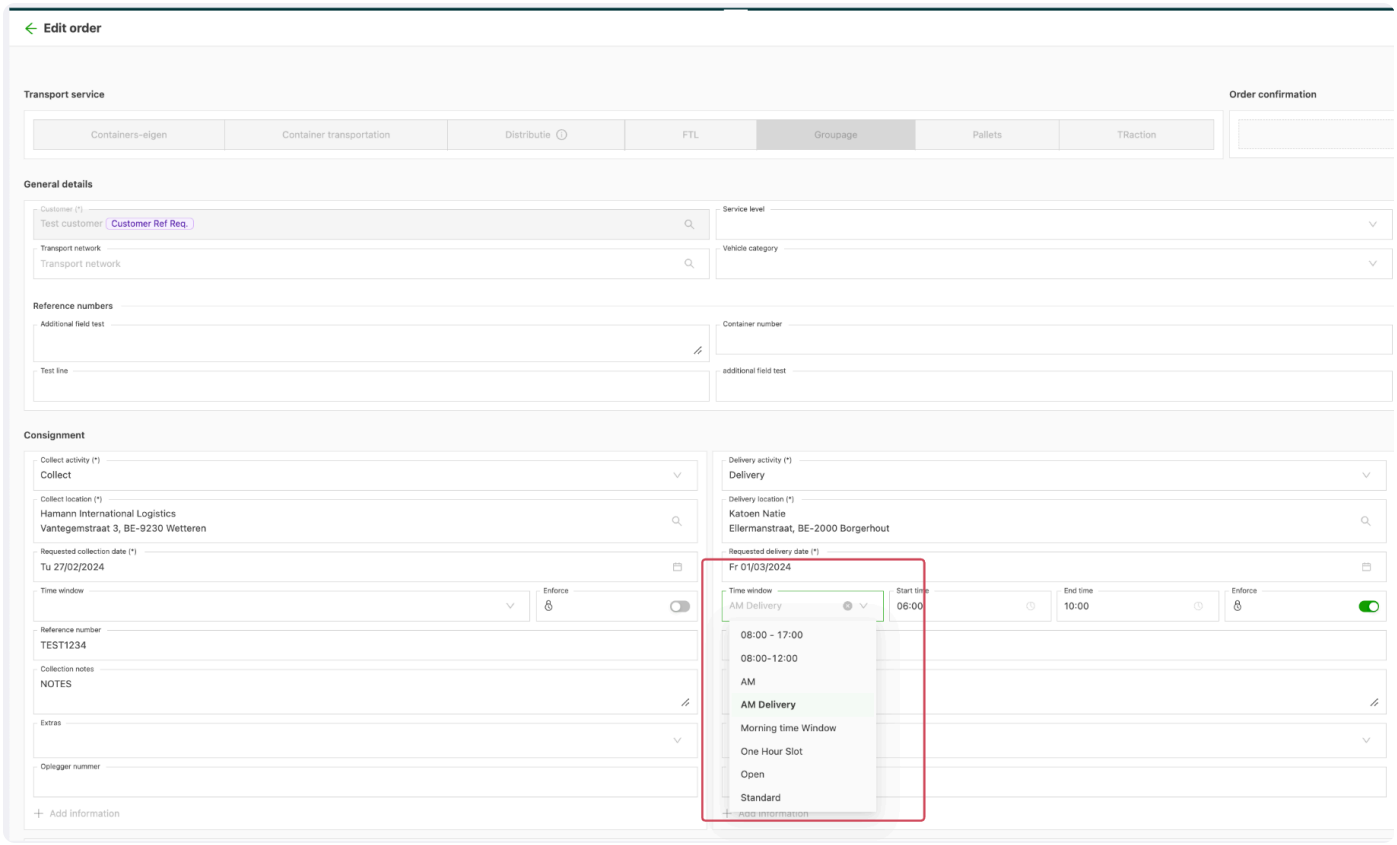

Do **not** change the codes, as these are synced with Palletline.

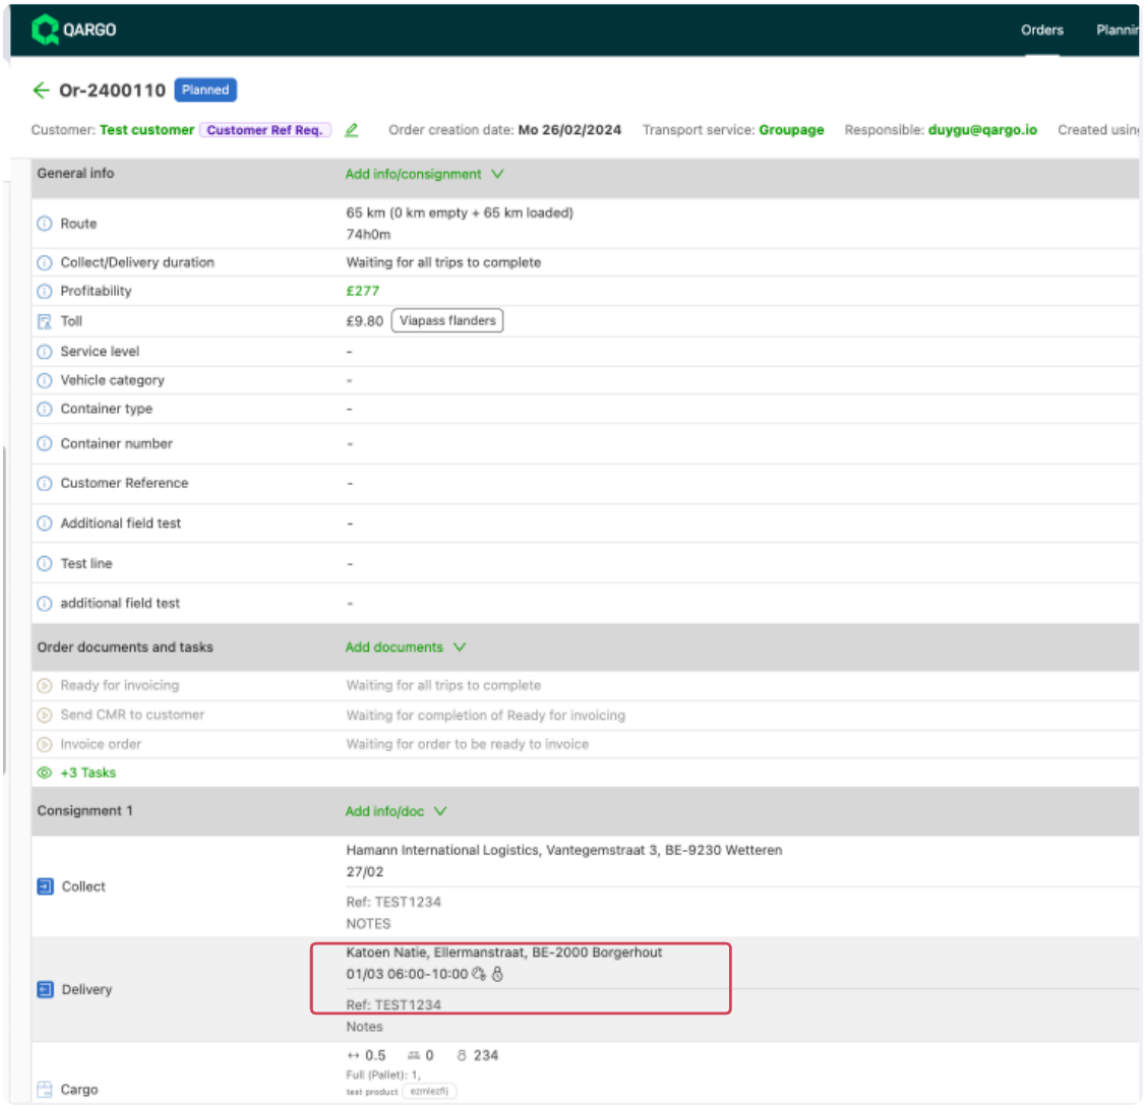

Time windows

Code	Description	Explanation
AM	AM Delivery	Delivery required before 12:00 hours.
BD	Specific Time Delivery	Delivery required for a specific time or within a time range of 2 hours or less. The BD surcharge applies from 10:00 hours until 17:00 hours.
BK	Booking in by Delivery Depot on B&C service consignments only	Contacting delivery point to agree a convenient delivery time window of more than 2 hours between 10:00 hours and 16:00 hours. Any requirement specified by the Customer during the booking call for a specific time, or less than a 2-hour time window to be agreed with Requesting Member and any additional surcharge revenue adjusted as appropriate.
BW	Booked Window	Any booked window equal to or more than 4 hours required between 11:00 hours and 17:00 Hours.
PT	Premium Timed - Pre 10:00 delivery	Delivery window between 09:00 – 10:00am (not time specific).
VU	Very Urgent	Specific Timed delivery between 09:00 – 09:59 hours

If extra charges need to be applied for a specific rate card that is used, these surcharges can be linked to the rate card as shown below, and the price configuration can be set up:

- Open the price list
- Click **Add charge**
- Select the ones to be added
- Enter the prices
