Webinar: What's new in Qargo for August?

The August edition covered various topics, from the customer portal and scheduling to rates and a specific wait time category. It even included an exclusive sneak peek at how to split a shipment into parallel stages.

Updated August 20, 2026

The new webinar series ***What's new in Qargo?*** has officially kicked off. The goal is to repeat this format monthly to keep everyone continuously informed about the many feature updates in Qargo.
